

### Contracts awarded under delegated powers

**Committee**            Operations

**Date of meeting**    25 January 2019

**Date of report**    9 January 2019

#### Report by Assistant Chief Executive

##### 1. Object of report

To notify the Committee of subsidised local bus service contracts awarded utilising delegated powers.

##### 2. Background

It has been necessary to award subsidised local bus service contracts as allowed for in the Scheme of Delegations. This has been done in order to react to commercial local bus market changes and to award a temporary contract where tender bids for the long-term have proved unaffordable and unsustainable in the longer-term. In each circumstance, SPT endeavoured to encourage the market to respond commercially, although this was unsuccessful.

Appendix 1 details the subsidised local bus service contracts involved since November 2018.

Tendering processes continue to ensure that all temporary contracts are monitored, reviewed and where justified, replaced on a sustainable basis.

##### 3. Committee action

The Committee is recommended to note the subsidised local bus service contracts awarded, utilising delegated powers, thus ensuring that socially necessary gaps in the public transport network arising from commercial local bus market changes are provided for.

##### 4. Consequences

Policy consequences	<i>In line with Regional Transport Strategy.</i>
Legal consequences	<i>All contracts are awarded subject to SPT's conditions of contract for transport contracts and where applicable, vehicle lease agreements.</i>
Financial consequences	The award of contracts detailed in the committee paper will result in additional costs to SPT of £10,575 in 2018/19 and £40,231 in 2019/10.
Personnel consequences	<i>None directly.</i>

Equalities consequences

*Seeks to reduce the incidence of social exclusion by supporting socially necessary bus services.*

Risk consequences

*None directly.*
