After discussion and after hearing from Mr Paul and Mr Wylie, the Committee noted the final outturn position for 2019/20 and the projected outturn position of an underspend of £1.884m, noting the uncertainty surrounding this projection due to the current public health crisis for 2020/21 and noting that any underspend retained provided for more time but did not alter the long term viability concerns which are precipitating the ongoing scheme review.
