

Local Code of Corporate Governance update

Committee Audit and Standards

Date of meeting 19 February 2021

Date of report 27 January 2021

Report by Assistant Chief Executive

1. Object of report

To update the committee on the arrangements for the production of the Annual Governance Statement for 2020/2021, and the Local Code of Corporate Governance used to inform this statement.

2. Background

The Local Authority Accounts (Scotland) Regulations 2014 requires SPT prepare an annual governance statement which details the adequacy and effectiveness of the Partnership's system of internal control. The findings of this review must be considered at a meeting either of the Partnership or a committee whose remit includes audit or governance functions. In SPT the Audit & Standards Committee are charged with this responsibility. Following consideration on the findings of this review, the Partnership/committee must approve an Annual Governance Statement which must be signed by the Chief Executive and the Chair of the Partnership and included within the audited financial statements.

The Governance Framework considers the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

The fundamental function of good governance in the public sector is to ensure that entities achieve their intended outcomes while acting in the public interest at all times.

The '*International Framework: Good Governance in the Public Sector*' provides a set of seven principles and supplementary guidance (to inform the Local Code of Corporate Governance) used to assist in the production of the Annual Governance Statement.

Acting in the public interest requires:

A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.

B. Ensuring openness and comprehensive stakeholder engagement.

In addition to the overarching requirements for acting in the public interest in principles A and B, achieving good governance in the public sector also requires effective arrangements for:

C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.

D. Determining the interventions necessary to optimise the achievement of the intended outcomes.

E. Developing the entity’s capacity, including the capability of its leadership and the individuals within it.

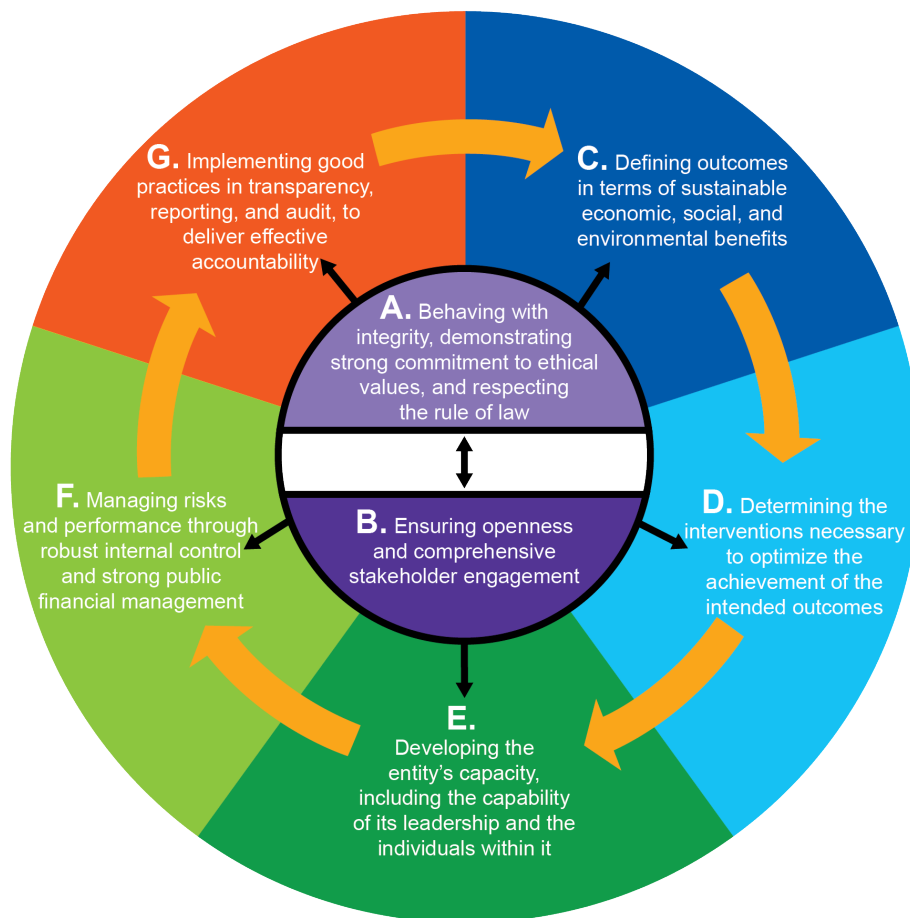

F. Managing risks and performance through robust internal control and strong public financial management.

G. Implementing good practices in transparency, reporting, and audit, to deliver effective accountability.

Figure 1 illustrates how these seven principles for good governance in the public sector relate to each other. Principles A and B permeate implementation of principles C to G. Figure 1 also illustrates that good governance is dynamic, and that an entity as a whole should be committed to improving governance on a continuing basis through a process of evaluation and review. The core, high-level principles characterising good governance in the public sector set out above bring together a number of interrelated concepts. Principles C to G are linked to each other via the “plan-do-check-act” cycle.

Achieving the Intended Outcomes While Acting in the Public Interest at all Times

The framework also provides supplementary guidance for each of the seven principles. This guidance has been used to inform the SPT Local Code of Corporate Governance for 2020/2021.

3. Outline of proposals

The Local Code of Corporate Governance 2020/2021 has been populated with evidence of compliance to support each of the seven principles. A summary of evidence (documents) of compliance by principle has been prepared for ease of reference (see Appendix 1). This summary indicates the documents which will be subject to review in 2021/2022.

4. Conclusions

The '*International Framework: Good Governance in the Public Sector*' provides a set of principles and guidance (to inform the Local Code of Corporate Governance) to assist in the production of the Annual Governance Statement. The Chartered Institute of Public Finance and Accountancy (CIPFA) '*delivering good governance in Local Government Framework and guidance notes for Scottish authorities 2016 edition*' has informed this review.

The framework provides supplementary guidance and a list of questions to consider for each of the seven principles to inform the Local Code of Corporate Governance for 2020/2021.

5. Committee action

The committee is asked to note the arrangements for the production of the Annual Governance Statement for 2020/2021, and the summary of documents to support the Local Code of Corporate Governance with an action plan for 2021/2022 at Appendix 1.
